PROFESSIONAL SUMMARY

Motivated and detail-oriented graduate with a strong foundation in Python programming, frontend development, and UI/UX design. Skilled in creating responsive, user-centric web applications and passionate about solving real-world problems using modern technologies. Eager to contribute to innovative software projects in a collaborative environment.

TECHNICAL SKILLS:

- **Programming**: Python
- **Web Development**: HTML, CSS, JavaScript, Bootstrap
- **Design Tools**: Figma, Adobe XD, Adobe Illustrator
- **Other Tools**: Git, MS Office, VS Code
- **Concepts:** UI/UX Principles, Responsive Design, REST APIs

SOFT SKILLS:

- Strong communication and teamwork
- Time management and organization
- Problem-solving and debugging
- Creative thinking and design sense

EDUCATION:

B.E. Electronics and Communication Engineering – 88%
Fatima Michael College of Engineering & Technology (2021 – 2025)

HSC (12th) 78% – Thiru.Vi.Ka. Corporation Hr. Sec. School (2021)

CERTIFICATIONS:

- UI/UX Design – 3-Month Course
- Python Programming – Udemy
- Frontend Web Development – Udemy

PROJECTS:

E-Commerce Website Link
- Created a fully functional website using HTML, CSS, and JavaScript.
- Implemented product filtering, cart management, and checkout flow.
- Tools Used: HTML, CSS, JavaScript

Responsive Registration Page Link
- Designed a mobile-friendly registration form with validation using JavaScript.
- Tools Used: HTML, CSS, JavaScript

Personal Portfolio (Frontend Project) Link
- Created a clean, responsive personal portfolio to showcase my skills and projects. Created sections for About Me, Projects, and Contact
Tools Used: HTML, CSS, JavaScript, Bootstrap

Personal Portfolio (Figma) Link
- Designed a responsive portfolio in Figma to showcase my skills and projects, focusing on clean layout and user experience.
- Tools Used: Figma, UI/UX Principles, Auto Layout, Grids

IoT-Based Child Security & Activity Monitoring System(Final year) Link
- Built with Python, IoT sensors, and geofencing to monitor child activity in real-time.
- Designed an interactive dashboard for alerts and tracking.
- Tools Used: Python, IoT sensors, and geofencing

INTERNSHIPS

Phoenix Softech
High-Fidelity Designs (Jul 2023 – Aug 2023)
Designed mockups and prototypes using Figma and Adobe XD.

Edex IT Solutions (Oct 2023 – Nov 2023)
Worked on mini Flask apps and enhanced UI components.

EXPERIENCE

Lumina Datamatics – Jan 2025 – May 2025
- Formatted content using MS Word and Excel for digital publishing projects, ensuring 98% accuracy across documents.
- Inspected HTML of live websites to maintain layout consistency and quality.
- Collaborated daily with team members to meet project deadlines and improve production workflow.
- Developed skills in time management, completing tasks under tight delivery schedules.
